

**A**

**As-Built Plans** –Project record plans that are developed during the construction of a project and finalized by the Audit section of the Bureau of Construction. These plans note all alterations to the design during the construction of the project.

**D**

**Designer** – The person responsible for the design of the project. This could be DOT or Consultant personnel.

**Disadvantaged Business Enterprise (DBE)** - It shall be the policy of the New Hampshire Department of Transportation (NH DOT) to ensure nondiscriminatory opportunity for Disadvantaged Business Enterprises (DBE's) to participate in the performance of all contracts and subcontracts financed with Federal funds as specified by the regulations of the United States Department of Transportation (USDOT), Federal Highway Administration and as set forth below.

**P**

**Proposal** – The assembled set of contract provisions used to administer the project. This document contains project specific requirements, Federal and State requirements and required permits.

**U**

**Unit Prices** – Prices assigned to items in the contract. The history of these prices are kept in a database and summarized in a quarterly report published on the Departments website.
